

# Web SmartDeviceMonitor Standard Manual introduction

---

The manual for Web SmartDeviceMonitor Standard is provided as a PDF file. To view the manual, Adobe Acrobat Reader or Adobe Reader is required.

The following is an overview of the manual.

## ❖ **Web SmartDeviceMonitor Standard Setup Guide**

Explains how to setup the Web SmartDeviceMonitor Standard.

Explains pre-installation checks, the Web SmartDeviceMonitor Standard installation, and installation configuration.

The file name of this manual is SetupGuide.pdf.

## ❖ **Operation Guide**

Explains Web SmartDeviceMonitor Standard operations.

Introduces Web SmartDeviceMonitor Standard, installation planning, and operations, as well as settings and menu references.

We recommend that you read through the Operation Guide before installing Web SmartDeviceMonitor Standard.

The file name of this manual is OperationGuide.pdf.

### **Note**

- The "Operation Guide" contains explanations of the "installation support functions", "Packager", "Remote firmware update", "Firmware Management" and "Package Management" included in Web SmartDeviceMonitor Professional IS. These functions cannot be used with Web SmartDeviceMonitor Standard. Use Web SmartDeviceMonitor Professional IS in order to use these functions.

## ❖ **Client Reference**

Explains usage of Web SmartDeviceMonitor Standard for general users.

Explains login/logout and device data display methods.

The file name of this manual is ClientReference.pdf.

### **Note**

- Although the Client Reference includes an explanation of installation package usage, the installation support functions cannot be used with the Web SmartDeviceMonitor Standard. Use Web SmartDeviceMonitor Professional IS when using the installation package.
