1 Introduction to the Applications’ Screen

Easy operation with simple screens
Frequently used functions and settings are shown on the top screen.

For detailed information about the applications’ screens that can be browsed on the control panel, see “How to Use Each Application”, About This Machine. Alternatively, see Quick Reference Copy Guide, Quick Reference Fax Guide, and Quick Reference Scanner Guide on our website (http://www.ricoh.com/).

Operations on the screen

- Drag: Moving icons
  Slide your finger while pressing on the screen.

- Flick: Switching between screens
  Flick your finger to the right or left on the screen.

- Long tap: Displaying a subscreen
  Place and hold your finger on the screen.

- Pinch-in/Pinch-out: Zooming in/out
  Pinch or spread your thumb and forefinger on the screen.

Read this manual carefully before you use this machine and keep it handy for future reference. For safe and correct use, be sure to read the Safety Information in Read This First before using the machine.
Log in and Log out

Important
- Ask the user administrator for the Login User Name, Login Password, and User Code.
- To prevent use of the machine by unauthorized persons, always log out when you have finished using the machine.

When User Code Authentication is active

- Login
  Enter a User Code (up to eight digits), using the soft keyboard that appears and then press [OK].

- Logout
  Press [ ] on the top right on the screen.

When Basic Authentication, Windows Authentication, or LDAP Authentication is active

- Login
  Press [Login] on the top right on the screen. Enter a login user name and a password, and then press [Login].

- Logout
  Press [Logout] on the top right on the screen.

How to Read the Operating Instructions on the Control Panel

1. Flick to the left.

The top page of the operating instructions appears on the control panel.

Note
- The machine must be connected to a network to display the operation instructions. If the machine is not connected to a network, browse the User Guide on our website (http://www.ricoh.com/) from a computer or other device that can connect to a network.
- Some illustrations in this manual might be slightly different from the machine.

Changing the display language

You can change the language used on the screen. The language used in the operating instructions is the same as that used on the screen. If no operating instructions are provided written in the current display language, the operating instructions written in English are displayed on the screen. To change the display language, press [Change Langs. Widget] on the [Home] screen.

If there is no response when you touch the screen, contact your service representative.
